

FARM AND CITY WEEK ARRANGED BY KIWANIANS

OBSERVANCE TO START TO- MORROW AND ENDS NOVEMBER 22

Plans for the Greencastle Observance of Farm City Week have been completed, it was announced today by Robert Cooper, President of the local Kiwanis Club. The observance is for a week, beginning November 16th and ending November 22nd.

Charles Doup, vice-president of Indiana Farm Bureau, will be the speaker at a joint meeting of Greencastle Kiwanis and Rotary Clubs in the DePauw Union at noon on November 21st. Raymond Ader, president of the Putnam County Farm Bureau, said today that a large number of rural people will join these two clubs in making this program a success. The ladies are invited to attend the meeting at which time they will have their own luncheon and then join the men to hear Mr. Doup.

Greencastle High School is going to hold a convocation on November 20th with a Farm-City theme. The Greencastle Library also has a book display.

Any rural people wishing to make a reservation for the luncheon may do so by calling Mrs. Thelma Johns at the Co-Op, Kenneth Harris, county agent, or the DePauw Union. Reservations should be made by Monday evening.

Rotarians Hear Club Governor

"Rotary Clubs in 99 countries throughout the free world are united in an endeavor to promote international understanding, good will and peace," this was the message of Alden P. Chester of Kokomo, Governor of District 225 of Rotary International, in addressing the Rotary Club of Greencastle at the Student Union on Wednesday, following a conference with local Rotary officers and committee chairman.

Preceding the excellent talk by Mr. Chester, he inducted E. F. Jenner, manager of the B. and B. shoe store, into Rotary in an impressive ceremony.

In addition to the activities of Rotary's 9,100 clubs within their own communities to promote this objective, Mr. Chester explained, Rotary International has spent more than \$2,000,000 in recent years through its program of student fellowships, which enable outstanding college graduates to study for one year in countries other than their own, as Rotary ambassadors of good will. Since 1947, when this program was established, 834 Rotary Fellowships have been awarded to students in 61 countries for study in 40 countries.

"With fellowship and service to others as its keynote, Rotary provides a common ground for 431,000 business and professional executives throughout the free world, regardless of differing nationalities or political or religious beliefs," the Rotary District Governor emphasized.

Guest of Greencastle Rotarians were William Day of Greencastle, guest of N. L. Donelson, William Ehrlich, Indianapolis photographer, and Don Graham of Crawfordsville, district manager of Indiana Gas and Water, guest of Howard Schlatter.

FORMER GREEK QUEEN DIES OF HEART ATTACK

CANNES, France (UP)—Ex-Queen Elizabeth of Greece, 62, died in her Cannes Villa today of heart disease.

She was the divorced wife of the late King George II, granddaughter of Britain's Queen Victoria, and an aunt of Britain's Queen Elizabeth, King Baudouin of Belgium and ex-King Michael of Romania.

20 Years Ago

HERE AND THERE

Dean Louis H. Dirks was the DePauw chapel speaker. The minimum temperature was 23 degrees. Wabash defeated DePauw in football, 19 to 0.

GET FIVE EXTRA DAYS

WASHINGTON (UP)—The Marine Corps is putting into effect a new leave policy which will give recruits an additional five days at home after completing basic and advanced training.

The corps announced Wednesday that recruits will be given 15 days leave rather than the 10 days currently authorized. This leave will be granted upon completion of 12-week recruit training and four-week individual combat training.

ELEANOR COMMENTS

MILWAUKEE (UP)—Eleanor Roosevelt said Wednesday England and France had "great provocation" to send troops into Egypt because of this country's "lack of leadership."

MASSIVE COLD FRONT, HEAVY SNOW IN U.S.

A massive cold front pushed rapidly across the plains states early today to cover the western half of the nation while the season's second severe snowstorm struck the Rockies and northern plains.

The cold snap extended from the Pacific Coast to the northern Great Lakes and northwest Texas, and was expected to move slightly eastward into lower Michigan and Illinois and through Arkansas into Louisiana.

Meanwhile, snow swept through Colorado and Wyoming into Nebraska, the Dakotas and western Michigan. Amounts were generally less than four inches, but heavy snow struck parts of South Dakota.

Strong northwesterly winds caused drifting snow, and weathermen warned that road conditions might be hazardous in the snow areas.

Twenty-four inches of snow was reported in South Dakota's Spearfish Canyon and 15 inches at Deadwood. Schools closed early in many communities Wednesday as the snow began to drift.

Some telephone circuits were out in western South Dakota, but the snow was not hampering air and bus transportation.

Drifting snow also was reported in North Dakota, where Minot reported the temperature down to 14 degrees early today.

Blowing snow piled up large drifts in Minnesota, where a three-inch snowfall whitened the west-central portion of the state. Slippery roads were reported around Wadena and Alexandria, Minn., and in parts of Wisconsin.

The snow was expected to move into all of Wisconsin and Minnesota and southward through northeast Kansas and northwest Missouri today. Weathermen warned of locally heavy snowfalls in northern Wisconsin, Minnesota, the eastern portion of Nebraska and northwest Iowa.

Arab Summit Conference Ends

BEIRUT, Lebanon (UP)—The leaders of eight Arab nations warned today that they will take "effective measures to the maximum of their capabilities" to enforce the withdrawal of Anglo-French-Israeli forces from Egypt.

But the summit conference of kings, presidents and other leaders of Arab pact nations failed to agree on plans for a complete embargo on Anglo-French trade. The leaders convened here Tuesday and wound up their conferences today.

Informed sources said Syria had demanded a boycott against the British and French, but the others refused to go along. The sources said the conference was threatened with a breakdown at one point Wednesday because of a clash between pro-Soviet Syria and pro-Western Iraq.

The conference finally ended today with agreement on a communique promising a "maximum effort" to enforce compliance with the United Nations ceasefire in Egypt.

MONON BELL AT STAKE IN GRID BATTLE

DEPAUW-WABASH CLASSIC TO BE PLAYED AT CRAWFORDSVILLE

Students at DePauw and Wabash agree on at least one point: namely, that collegiate football's game-of-the-year will be played Saturday afternoon in Crawfordsville.

For those talk about this week is little to some about this week except a 63-game gridiron series which since 1932 has been known as the Monon Bell rivalry.

Coach Garland Frazier of Wabash has been through five similar build-ups, but DePauw's Bob Hicks is getting his first taste of the tension and excitement.

Neither coach has to key his squad for this one, but both are haunted by the feeling that success of the season hinges on the finale's outcome.

DePauw edged the Cavemen, 23-20, last year on a last-second field goal, but since that time the Bengals have been able to salvage only one victory in seven contests.

By way of contrast Wabash has stamped itself as one of the Midwest's stronger small-college teams, winning six by wide margins while losing to Heidelberg and Butler.

Squarely confronting Hicks and his eleven is the problem of stopping the Cavemen's two talented halfbacks, Tom Hankison and Bill Gabbert.

A converted fullback, Gabbert leads the state's scorers with 74 points, and Hankison, who played three seasons at end, is close behind with 60 points.

Carrying the offensive burden for DePauw will be halfbacks Tom Campbell and Dick Hackenberg and fullback Swip Mathison, each the owner of a 4.6 rushing average.

Again matching wits will be last year's rival signal-callers, junior Morrie Goodnight of DePauw and senior Vic Lodovisi of Wabash.

The Bengals' task will be complicated by a 12-pound average weight difference in the forward walls, with Wabash holding a 202-190 advantage.

Last season's victory was the first for DePauw since 1948, and the Cavemen are six up in the win column, 32-26. The series, which opened in 1890, also has included five ties, all scoreless.

Since the 300-pounds locomotive bell was established as a symbol of the rivalry by the Monon Railroad, Wabash has won 13 times to nine for DePauw, and each team retained it once after a tie.

Fight Fire At W. Reasor Farm

City firemen were called to the Dunbar Hill area, just northwest of Greencastle, at 3:30 p. m. Wednesday as result of a pasture and woods fire.

Fire Chief William Lawrence reported that the fire was on the Walker Reasor farm. About eighty inmates of the Indiana State Farm helped in extinguishing the blaze.

The city firemen returned to the department at 5:15 p. m.

B36 Crashes At Denver; 20 Safe

DENVER (UP)—An Air Force B36 crashed and burned a mile north of Denver's Stapleton Municipal Airport shortly after take-off today. Only one of the 21 persons aboard was reported missing a half hour after the crash.

Most of the survivors were slightly injured but few appeared to be hurt seriously.

The 10-engine, 3½-million-dollar plane had taken off from Lowry Air Force base 4 miles south of the crash scene only minutes before it plunged into the wheat field at 6:50 a. m. MST.

A crew member, identified only as a Lieutenant Mannenkuch, said that only one of the 21 persons aboard had not been accounted for at 7:20 a. m.

FIVE GENERATIONS

Shown above are five generations of the family of Mrs. Mary J. Proctor. They are left to right: Mrs. Joyce Sallust Braden, Mrs. Edith Sallust, Mrs. Proctor Clyde Sallust, Mrs. Proctor is holding her two great-granddaughters, Jona Lou and Jana Sue Braden.

To Press Fight For Seat In UN

UNITED NATIONS, N. Y. UP—India and Russia, despite a defeat in committee, prepared to carry to the floor of the General Assembly today their bitter fight for a United Nations seat for Red China.

India's V. K. Krishna Menon and Soviet Deputy Foreign Minister Vasily Kunznetsov led a futile effort in an assembly's Steering Committee meeting late Wednesday to block an American resolution deferring any consideration of the Chinese representation issue for the duration of this assembly session.

The U. N.'s police force was starting operations in Egypt and Secretary-General Dag Hammarskjöld was off to watch its opening phases, with the possibility of a stop-off in Hungary before he returned here six days hence. This eased some of the pressure here on the Middle East and Hungarian problems and permitted the assembly to move toward completing organization of its 11th annual session.

Bankers Meet At Bloomington

The regular monthly meeting of the South Central Indiana Conference of the National Association of Bank Auditors and Comptrollers will be held at Alumni Hall, Union Building, Indiana University tonight at 6:45 p. m.

The program will consist of a talk by Lloyd Branam, a Bloomington accountant concerning the history and present use of microfilming and destruction of bank records.

President Ray Browning of Bloomington will preside.

Monon Freight Train In Wreck

BLOOMINGTON, Ind. (UP)—Twenty-five freight cars were derailed Wednesday when a southbound Monon Railroad train was wrecked at a siding five miles south of here.

Officials said the third car of the 32-car train rolled onto a siding and the other cars left the track and telescoped behind it. No crewmen were injured, but Bloomington-made color television sets, grain and other freight were scattered beside the track.

The damage was not estimated. The wreck stopped a Chicago-bound passenger train and the passengers were ferried by bus from Bedford to Bloomington where another train was formed.

Premier Promises 'Free' Elections

VIENNA UP—Premier Janos Kadar of Hungary has promised to hold free elections "in the near future," the Communist-controlled Budapest radio reported today.

The broadcast said Kadar also promised to open negotiations with "Titoist" Imre Nagy to possibly restore him as premier. Nagy's government was overthrown by the Soviet army ordered into Hungary to crush the anti-Moscow revolt.

Kadar has been reported seeking desperately for a solution to end the revolt. The shooting has stopped, according to reports, but passive resistance continues.

The newest concessions came amid reports that the general strike which has crippled Hungary threatened to spread ever further.

Mrs. Fraley Dies In Los Angeles

Word has been received here of the death of Mrs. John V. Fraley on Tuesday in Los Angeles, Calif.

Funeral services will be conducted Friday by Rev. Charles Kendall, pastor of First Methodist church in Hollywood. Burial will be in Forest Lawn cemetery in Hollywood Hills. John Fraley is the son of Mrs. F. O. Fraley of this city.

Many Warships At Pearl Harbor

PEARL HARBOR, T. H. (UP)—Pearl Harbor was teeming with more combat-ready warships today than at any time since World War II.

It was a part of the Navy's "accelerated schedule" to improve America's defense in the Pacific during the Middle East crisis.

The attack aircraft carrier Philippine Sea steamed into Pearl Harbor Wednesday with four destroyers as her escorts. Already at the big naval base were three cruisers and four other destroyers, which arrived Sunday.

Their appearance spoiled the holiday weekend for Navy and civilian suppliers. The seven ships issued "hundreds of requisitions for fuel, spare parts and provisions," the Navy said.

The carriers Yorktown and Shangri-La steamed through the Golden Gate Tuesday and were expected at Pearl Harbor this weekend. Navy officials refused to confirm West Coast reports that the carrier Wasps was being readied at San Diego for Far East duty.

ATTENTION MERCHANTS

All Greencastle merchants participating in the Christmas Opening program are asked to prepare spot announcements not to exceed 40 words. These announcements will be made over the P. A. system on the square, and are for the purpose of calling attention to your store. Each merchant is asked to prepare three 40-word announcements and submit them to the Chamber of Commerce not later than Monday, Nov. 19th.

UN Police Force Flies To Suez

LONDON (UP)—A United Nations police force landed today in the Suez Canal zone and Egypt announced the need for Soviet and Red Chinese "volunteers" no longer existed.

Egyptian Ambassador Ahmed Abdel Razek and Syrian Minister Ibrahim Istany said in Bonn, Germany, that Egypt and the other Arab states had turned down the Soviet and Red Chinese offers to send volunteers to the Mideast.

But a new complication arose in Beirut, Lebanon, where a meeting of the leaders of eight Arab nations demanded withdrawal of the Anglo-French and Israeli troops from Egypt today. They warned that the Arabs will take "effective measures to the maximum of their capabilities to enforce this."

It appeared that U. N. Secretary-General Dag Hammarskjöld had won for the time being the race against possible Soviet intervention in the Mideast and the threat of a major war.

The situation had become so critical that the first contingent of 43 Danes and Norwegians left Capodich Airport at Naples in the middle of the night on Hammarskjöld's urgent orders.

They will be followed by a force of from 5,000 to 6,000 men, from a dozen or more members of the United Nations for duties still as yet not defined. But the world organization hoped their presence would dampen any spark that could start another war.

The "crisis" was touched off when Arab sources in Moscow Wednesday said the Cairo government had asked for the immediate dispatch of Soviet pilots and tank crewmen "volunteers" promised for weeks by the Kremlin.

Asian Nations Denounce Russ

NEW DELHI, India (UP)—Premiers of four Asian nations denounced Soviet intervention in Hungary and Anglo-French intervention in Egypt in a communique issued here last night.

Diplomatic sources said strong language criticizing Russia mainly the work of Burma Premier U Ba Swe. The communique was signed also by India Prime Minister Jawaharlal Nehru, Dr. Ali Shastri of Indonesia and Solomon Bandaranaike of Ceylon.

"The prime ministers consider it an inalienable right of every country to shape for itself its own destiny free from all external pressures," the communique declared.

"They are of the opinion that Soviet forces should be withdrawn from Hungary speedily, and that the Hungarian people should be left free to decide their own future and the form of government they will have without external intervention from any quarter."

DIENER RE-ELECTED

INDIANAPOLIS (UP)—Rep. George S. Diener of Indianapolis was re-elected speaker of the House of the 1957 Indiana Legislature today.

Diener won by a 55-to-16 margin over former speaker W. O. Hughes of Fort Wayne, at a caucus of House members attended by 76 who were elected Nov. 6.

HOG MARKET

Hogs 13,000; 25 lower; 180-200 lbs. \$14.50-\$14.75, some to \$15.00; 240 to 290 lbs. \$13.00 - \$14.50; 120-160 lbs. \$12.00-\$13.50.

REV. KERSHAW IS UNIVERSITY CHAPEL GUEST

MINISTER AND JAZZ MUSIC EXPERT SPOKE HERE WEDNESDAY

"We long to be loved as we really are," the Rev. A. L. Kershaw said yesterday at DePauw University, "but we are frustrated because we know that what others accept is not truly us." Former minister of Trinity Episcopal Church, Oxford, O., and recent winner of \$32,000 on television quiz show for his knowledge of jazz, he addressed a weekly worship chapel in Gobin Church.

Asking his listeners the question, "What is your name?" the speaker warned that many men cannot give a specific answer, that "their name is legion."

Conformity has become a god in our time, a threat to our freedom, he said, and it is becoming increasingly difficult for the individual to know himself.

"We seek acceptance," the Reverend Kershaw added, "but because acceptance seems to involve conformity we overhaul what we actually are to fit society's blueprint."

According to the speaker, there exists in man a basic sound need to be accepted, but the need is not answered when the true self is approved merely for the sake of approval.

"If we live up to our religious pressures we will be rejected," he commented, "and if we live up to community pressures we stand to lose much of our personal integrity."

The solution for this dilemma is to "confront ourselves with the fullness of Christ's life," the minister advised, and "to answer the call to greatness, however deeply hidden."

If man hears the answer Christ gave through His life to the question, "Who are you?" the Reverend Kershaw concluded, "He will be made anew as a child of God and inheritor of personal joy, peace and freedom."

Officer Marks 10th Anniversary

Russell Coleman, Assistant Chief of Police, is observing his tenth anniversary on the city police department this week. It is the longest record of service of any of the city police department.

FRAT HOUSE BURNS

ORONO, Maine (UP)—Some 50 students escaped uninjured today when fire swept a fraternity house on the University of Maine campus after an initiation party. Damage was set at \$100,000.

Some of the students walked out the front door of the Theta Chi fraternity house while others scrambled down fire ladders on the three-story wooden building.

LESS MEAT IN '57

WASHINGTON (UP)—Agriculture Department says there will be slightly less meat available in 1957. It will sell at higher prices than in 1956.

"Hog slaughter especially will be less than in 1956," the department said Wednesday. "Fully as many cattle likely will be slaughtered as in 1956, but average carcass weights may be enough lighter to pull down the total output of beef to some extent."

IN MEMORY
In ever loving memory of
Arnold S. McCarron, who passed
away two years ago today, Nov.
15, 1954.
Each weary day and lonely
night
We think of you and pray,
And wonder why you left us
Just why you went away.
We miss you every moment
We call to you and cry,
But only empty echoes
Fill the hours passing by.
We long to find you in our
dreams
But when we go to bed,
There is no real or peaceful
sleep
To keep us comforted.
We never dreamed you'd leave
us,
Prayed you'd stay here at our
side
But our Father felt a need for
you,
Our prayers were all denied.
Missed so very much by wife,
Tottie, and son, Kim.

DOESN'T IT ALWAYS
MEMPHIS, Tenn. (UP)—Lynn
Foster found a \$1 bill in an
abandoned bird's nest. Foster
said the paper money helped hold
the nest together

During 1955, each person in the
United States ate an average of
almost four gallons of ice cream.

A THANK-YOU MESSAGE . . .
To the more than 85,000 6th District voters who
supported my candidacy for re-election to Con-
gress . . . Thank you for this expression of con-
fidence, which I trust I will continue to merit as I
serve you in Washington.

TODAY'S BIBLE THOUGHT
Bear ye one another's burdens,
and so fulfill the law of Christ.—
Galatians 6:2. In Christian lands
the burdens of old age, unemploy-
ment and blind are alleviated by
the state. We should go farther
than we are forced to go as mere
tax payers.

Personal And Local News Briefs

Dr. F. H. Spurlock of Topeka,
Kansas is visiting his mother,
Mrs. J. F. Spurlock on north Lo-
cust street.
Donald Scaggs, 17, was arrest-
ed by city police Wednesday
night at 11:40 o'clock at the cor-
ner of Chestnut and Locust
streets on a reckless driving
charge.

Mrs. Earl Nicholson, Mrs.
Frank Dobson and Mrs. E. W.
McCammack all of Cloverdale,
R. 2, attended the Orel Roberts
meeting at Cadle Tabernacle on
Tuesday afternoon and night.
The Neighborly Sewing Club
will meet tonight at 7:30 at the
home of Mrs. Ruth Smith. All
members please bring guests,
articles for auction and dessert.
Roll call will be answered with a
Bible verse.

All W. S. C. S. members and
interested friends are invited to
attend the November meeting to-
night at 7:30 p. m. in Community
Hall of Goin Methodist church.
Miss Marie Adams, former mis-
sionary to Japan and China, will
speak on her work in Tokyo
Woman's Christian League.

Jerry Wayne Shonkwiler, the
11 months old son of Mr. and
Mrs. Maynard Shonkwiler escap-
ed being choked to death by a
miracle Wednesday afternoon.
Mrs. Shonkwiler was in the base-
ment of their home when she
heard an unusual noise. She
went up stairs and found the
baby had vomited but had been
unable to get all of the stuff out
of his throat and was choking on
it. He was rushed to a physician
and to the hospital where he was
relieved of the trouble and today
apparently was much better.

SOCIETY
Mrs. Lucas Hostess
To Reading Club
The Federated Reading Club
was entertained by Mrs. Ferd
Lucas Wednesday evening with
four guests present. Mrs. Lucas,
president, presided at the busi-
ness session. The photo endorser
recommended these movies:
"Serenade" (Mareo Lanza),
"You Can't Run Away With It"
(June Allison and Jack Lemon),
"The Mountain" and "War and
Peace."

For the program Mrs. Lucas
introduced Mrs. William A. Hug-
ard who gave a very interesting
and thought provoking book re-
view of "The Untold Story of
Douglas McArthur" by Frazer
Hunt. This book starts with
Civil War days when Arthur Mc-
Arthur, the father of Douglas, de-
livered a message to Lincoln and
was in Gen. Sheridan's army.
Douglas was the third son and
entered a military academy at
fourteen years of age. In 1899 he
enrolled in West Point while his
father was in the Philippines.
Douglas chose an engineering
course and was sent to the same
islands while his father was
there and was promoted to 1st
Lieutenant. In 1905 Douglas
went to Japan after his father
had been there a year. Then he
was ordered to go up through
Asia and the island outposts.

Arthur McArthur died and
Douglas was assigned to Ft.
Leavenworth, Kansas, but was
later reassigned to Washington
D. C. He organized the Rainbow
Division which saw much service
in France. After April 11, 1919
when the war was over, he was
made superintendent at West
Point. In January 1920 he was
made a Brigadier General. He
went back to Manila after being
away eighteen years. Then he
and President Eisenhower served
in Washington during the Hoover
administration. He was married
in April, 1930 to a Tennessee
lady and in 1938 the son, Arthur,
was born. After that he served in
World War II and in the Korean
War until called back in April 19,
1951. Joe Martin, speaker of the
House, asked him to speak in
Congress and many remember
his wonderful speech. After fifty-
two years of military service, he
was much praised by many and
criticized by others.

During the social hour de-
licious refreshments were served
by the hostess. All left with the
desire to read the book.

Mrs. Harvey Hostess
To Roachdale Club
The Roachdale Town Country
Home Demonstration Club met
November 8th at 1:30 p. m. in
the home of Mrs. Millie Harvey.

The president, Mrs. Barbara
Brookshire opened the meeting.
Mrs. Bee, County Health nurse
showed a colored film "A Matter
of Life" the story of a man in St.
Joseph Co. Indiana, who had can-
cer and was cured.

She also discussed plans con-
cerning a school for Mental Re-
tarded children in Putnam Coun-
ty.

Roll call was answered with
the paying of dues for 1957.
The following officers were
voted in for next year.

President, Mrs. Lillie Parks;
vice - president, Mrs. Jane
Thompson; secretary, Mrs. Flor-
ence Skelton; treasurer, Mrs.
Millie Harvey; Mrs. Barbara
Brookshire gave a report on the
Co. Achievement Day Program.
The 4-H Committee made
plans to entertain the Peppy
Peppers 4-H Club with a theater
party on Mental Health. Christ-
mas donations were discussed
and anyone wanting to give, take
their gift to Garrett's Shoe Store
before Dec. 1st.

We voted to contribute to the

Next meeting December 13 at
11:30 with Mrs. Louise Robbins.
Covered dish luncheon gift ex-
change.

Mothers Club Met
With Mrs. Grimes
The Modern Mothers Study
Club met November 7th at the
home of Mrs. Emma Jene
Grimes.
Col. N. Huckleberry was the
speaker of the evening and he
told of his program to help needy
families in Putnam county.

After the business session, the
hostess served delicious refresh-
ments to sixteen members and
one guest.
The next meeting will be the
annual Christmas party on De-
cember 8th at the home of Mrs.
Connie Mundy.

Business And Professional
Women Enjoy Programs
The Greencastle Business and
Professional Women's Club with-
in the past few weeks have been
privileged to enjoy two very ex-
cellent programs at their meet-
ings.

Recently, the Brazil Club and
the Greencastle Club in joint ses-
sion at the DePauw Union Build-
ing heard Miss Souad Malek,
whose home is in Damascus,
Syria, tell of her life in that
country, her participation in the
exchange student program and
her experiences as such in var-
ious colleges and universities
throughout Europe and America.
Miss Malek is now attending In-
diana University at Bloomington,
Indiana. A very attractive brun-
nette, Miss Malek was a teacher
in the Damascus schools before
winning the exchange student
scholarship, and upon her return
to Syria she expects to continue
in the educational field in her
country.

Speaking informally, Miss Ma-
lek told of the life of women both
in the homes and in business and
professions in her country, of
their interest in modernization of
living conditions there and of
their interest in the lives of
people in the rest of the world.
She spoke graciously of the man-
ner in which she has been enter-
tained and treated in this coun-
try and of the many friends and
acquaintances she had made here.
The UNESCO Foundation, under
the auspices of the Business and
Professional Women, was re-
sponsible for bringing Miss Malek
to this country and the Green-
castle Club is quite fortunate to
have been included in her itine-
rary.

Wednesday night, the Green-
castle Club was again fortunate
in that their guest speaker was a
well-known former local resi-
dent, Mr. Russell Clapp. Mr.
Clapp is now superintendent of
the Indiana Boys' School at
Plainfield, having previously
served as a member of the Parole
Board of that School before his
appointment to the superintend-
ency which is work he quite ob-
viously enjoys.

Mr. Clapp gave a resume of
the origin of the school, which
began in 1867, when it was called
"House of Refuge for Juvenile
Offenders" and consisted of 160
acres of land. Now, there are
1038 acres comprising a self-sus-
taining town of 16 cottages, with
35 boys in each cottage, and 3
employees' homes. They have a
Farm Program, including a dairy
herd of 44 cows, and orchard,
landscaping, gardening and var-
ious other vocational activities,
intended to fit boys to partici-
pate in outside activities upon
their release. During this past
year, over 11,000 bushels of corn
have been cribbed, besides the
harvesting of ensilage, hay and
other crops.
An ordinary work-day for the
boys begins at 6 a. m. and ends
at 8 p. m. and includes cleaning
of quarters, school or vocational
attendance, working on the prop-
erty, besides recreational and
meal periods.
Mr. Clapp stressed the fact
that the boys are taught to as-
sume their responsibilities and
rights of citizenship upon parole
or discharge, and that many of
the boys sent to the school were
from broken homes and had dis-
interested parents. Therefore,
every effort is made to create an
atmosphere of normal living con-
ditions in the school through
participation in sports and other
activities with outside schools.
The members of the Green-
castle club were extended special
invitations to visit the school
preferably during a week-day, in
order to see the actual operation
of the activities of the boys.

Maple Heights Club
Had Good Meeting
The Maple Heights Home
Demonstration Club met, Tues-
day Nov. 13th at the Club house.
The meeting was opened by
the president, Mrs. Ruby Weav-
er. The history of the song of the
month was given by Mrs. Lottie
Lane. The flag salute and club
creed were repeated in unison.
The roll call was answered by
18 members telling what they
would like for Christmas. The
secretary and treasurers reports
were given.
The Outlook lesson was given
by Mrs. Irene Crawley who also
read an article on shock treat-
ment. Mrs. Betty Burks present-
ed an interesting Health & Safety
lesson on rubies.

The lesson, Making Christmas
candies was very nicely present-
ed by Mrs. Mary Ella Hurst.
It was voted to donate to the
Mental Health program.
Plans were discussed for a
family pitch-in dinner to be held
this Sunday evening.
A pleasant social hour follow-
ed with a contest being won by
Mrs. Alice Alexander and the
door prize by Mrs. Esta Mae Byrd.
Lovely refreshments were served
by the hostesses, Mrs. Irene
Crawley and Mrs. Loretta Tharp.

Exemplar Sorority
Met Tuesday

The Exemplar Chapter of Xi
Beta Eta met for its regular
meeting Tuesday night at the
home of Dorothy Harlan. The
president called the meeting to
order with the mebers giving the
opening ritual.

During the business session
discussion was held as to helping
the Ritual of Jewel Chapted with
the float for the Christmas open-
ing, "Santa Claus is Coming to
Town." Workshops on this pro-
ject will start Thursday night
and mebers are asked to help
every possible moment they can.
A committee composed of Doris
Caspar, Rene Cortrecht and
Edith Patterson were to attend
the meeting for parade floats.

Final preparations were made
for the party and book review to
be held at the Student Union
Building on November 27th, with
the Ritual of Jewel Chapter as

the honored guests.
Also names were drawn for
secret sisters for the coming
year.
After the closing ritual the
meeting closed and the hostess,
Dorothy Harlan, conducted the
social hour.

Warns Against Shift Of Power

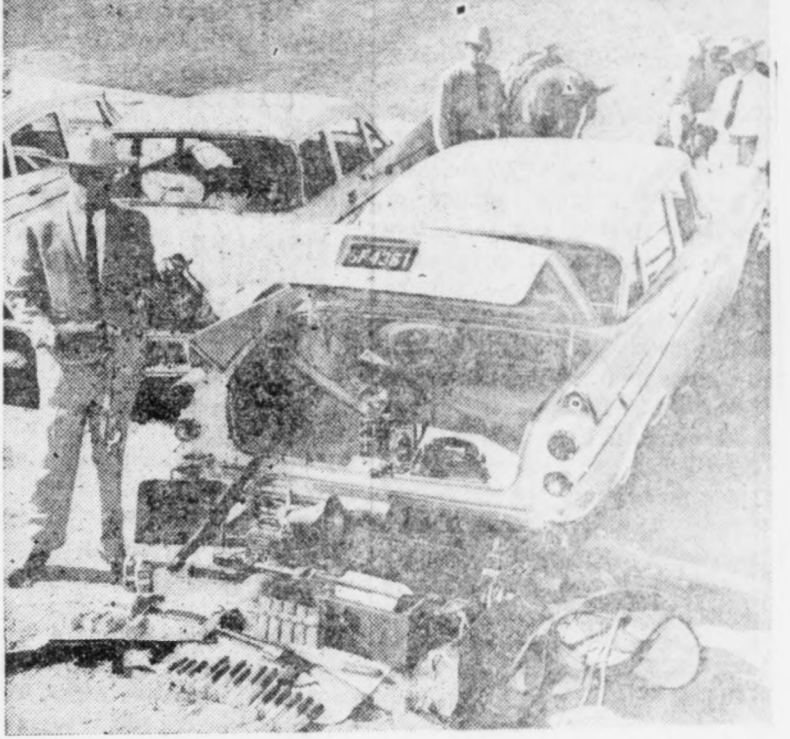

WASHINGTON (UP)—Secre-
tary of Agriculture Ezra T. Ben-
son warned today continued
shift of power to the federal gov-
ernment may make the states
hollow shells.
Benson said there has been a
tremendous shift in the last 25
years from individual to govern-
mental responsibility in many
phases of economic and social
life. At the same time, he said,
"we have seen a rapid shift of

responsibility from the states to
the federal government."
Benson listed the magnitude of
these changes in a speech pre-
pared for a meeting of the Amer-
ican Association of Land-Grant
Colleges and Universities.
He said the federal government
25 years ago received one-fourth
of all taxes collected in the United
States. Now, he said, the fed-
eral government collects three-
fourths of all taxes.

HOSPITAL NOTES

Dismissals Wednesday: Garold
Cook, James Michael, Marilyn
Gough, Mrs. Frederick Collins
and son; Mabel Ogles; Mrs.
Willis Finley and daughter, Fil-
more; Joseph Call, Roachdale;
Dorothy Hutcheson, Reelville;
Isabel Curtis, Brazil.
Born Wednesday to Mr. and
Mrs. Ray Black, Greencastle, a
daughter.

Texas Rangers Get New Mounts

Ready for any emergency with enough armament to outfit a
squad of Marines—that is the amount of firepower carried by each
Texas Ranger in his job. Col. Homer Garrison, Director—Depart-
ment of Public Safety, shows some of the equipment each Ranger
must carry during delivery ceremonies at which 11 Rangers took
delivery of Dodge D-500 police pursuit cars. Men in the background
are shown with their one horsepower mounts, still an important
means of transportation for each Ranger. "Old Paint" is transported
in trailers behind the patrol cars until needed.

GAY FLAPPERS OF 20s" SING "RED HOT MAMA" FOR TRI KAPPAS

Shown above are Mrs. Donald Holley, Mrs. D. N. Tourtelot, Mrs. C. N. Schauwecker, Mrs. Ervan
Walton and Mrs. Leland Trippett rendering several bars from the popular tune "Red Hot Mama".
Using the "Roaring 20s" as a theme, the active chapter of Tri Kappa entertained the Associates
Tuesday evening at the Union Building. Those who attended wore dresses of that period.
The entertainment included a style show, narrated by Mrs. Kenneth Waggoner, with everyone
participating. Mrs. Joe McCord was declared the "best dressed" member. A chorus presented songs
of the 20s.
Co-chairmen for the party were Mrs. Wallace Graves and Mrs. Donald Holley. They were as-
sisted by Mrs. Cassell Grubb and Mrs. Ruth Jeffers, music, and Mrs. Roland Yungane, decorations.

SKELETON IDENTIFIED

IRON MOUNTAIN, Mich. (UP) — The skeleton of a man shot through the head was identified today as that of Odessa Demopolos, Chicago grocer who had been missing for almost a year.

CHEER COURT RULING

MONTGOMERY, Ala. (UP) — Thousands of Negroes cheered the Supreme Court decision against segregation on buses but voted Wednesday night to maintain their local transit boycott until a Federal Court decree actually goes into effect.

The Rev. Martin Luther King, leader of the Negroes' 11-month fight for the right to mingle free-

ly with white riders on city buses, said he expected a mandate from the Supreme Court to reach the Federal District Court here in "just a few days."

AN EFFECTIVE FORCE

EVANSTON, Ill. (UP) — A safety expert said today that schools have proved to be the most effective force in building safe walking and driving habits, but many gaps remain in traffic safety education.

Forest R. Noffsinger, spokesman for the training division of the Northwestern University Traffic Institute outlined the areas in traffic education which new strengthening at a traffic

AN 'ON THE SPOT' OFFER

UN SECRETARY-GENERAL Dag Hammarskjöld (left) chats with V. Kuznetsov, Russia's deputy foreign minister, during an Assembly session. Hammarskjöld postponed his departure for the Middle East after the Communist Budapest regime offered to meet "on the spot" with Hammarskjöld's representatives.

TOP PRIORITY FOR HUNGARY

AMBASSADOR Henry Cabot Lodge, Jr., (left) and Britain's Foreign Secretary Selwyn Lloyd discuss their backing of a move to give the Hungarian question priority at the General Assembly session. Lloyd accused the Russians of being "afraid that the clear light of debate" would be thrown on their action in Hungary.

safety clinic for newspapermen today.

He said the area in which the greatest results can be obtained

with a minimum of effort is that of high school driver education.

During the 1955-56 school year approximately half of the na-

tion's high school students reaching the legal driving age had no opportunity for driver training, Noffsinger said.

New Plymouth Suburban

Plymouth offers 12 different models of Suburbans in its new 1957 line of cars. They include two-door and four-door models, with either PowerFlow Six or Fury 301 V-8 engines. Four of them are 9-passenger cars with a rearward facing third seat. All have Plymouth's revolutionary new Torsion-Aire ride. Car pictured here is Custom Two-Door Suburban.

NEW FACE RALLIES 'WAR' WITHIN THE KREMLIN

Mikhail Suslov

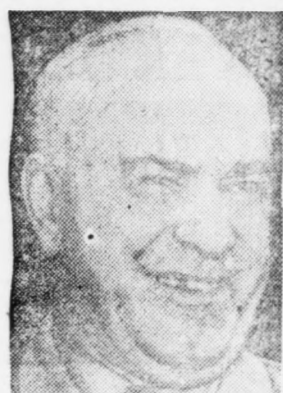

Premier Bulganin

Nikita Khrushchev

The Kremlin, scene of another inner circle policy struggle.

Marshal Zhukov

Georgi Malenkov

L. M. Kaganovich

V. M. Molotov

MORE INNER SANCTUARY clashes are reported from the Kremlin, with a new name, Mikhail Suslov, one of the youngest of the inner circle, rallying enemies of party First Secretary Nikita Khrushchev and Premier Nikolai Bulganin. Khrushchev's de-Stalinization policies are blamed for the Hungary and Poland uprisings. Soviet army bigs, especially Marshal G. K. Zhukov, are supporting Suslov. De-Stalinization was opposed by old line Stalinists like L. M. Kaganovich and V. M. Molotov, and supported partially by a Georgi Malenkov group. Now Malenkov and the oldtimers are with the Suslov faction. The strong methods taken in Hungary indicate Suslov and his supporters are in the ascendancy. (International)

Contract Could Be Made By Careful Play

"I don't see why you dropped me, Mr. Muzzy after the dummy went down in today's deal."

South dealer Both sides vulnerable

NORTH
Mrs. Keen
A J 8 6 3
8 6 5
A Q 3
9 5

WEST Mr. Champion EAST Miss Brash
K 9 7 4 Q 10 5 4
Q 9 7 4 A K J 10 2
6 7 5 4 2
10 8 7 6 3 None

The bidding: South West North East
1 4 Pass 1 4 2 3
2 3 3 4 4 2 4
5 4 All Pass

The opening lead was a small heart and Miss Brash won with the king. She returned the suit

and Mr. Muzzy ruffed. He led a diamond to dummy's ace to make sure there were not five diamonds in either opponent's hand. When he was satisfied on this point, he spread his hand and claimed the rest.

HOW TO WIN

"I believe I am within my rights," said Mr. Champion coldly, "when I demand to know just how you propose to win the rest of the tricks."

"Why I just pull the trumps, then cash my clubs and the ace of spades," Mr. Muzzy replied.

Mr. Champion nodded thoughtfully, eyeing his five clubs to the ten spot. "Then I hereby request that you proceed to play out the hand in the manner you have outlined," he purred.

Mr. Muzzy did so and when the club failed to break as he had expected, he found that he had no chance for his contract.

"Now you know why Mrs. Keen 'dropped' you, as you call it," chided Mr. Champion. "She'd

probably like to drop you from something like the 17th floor. You could have made five, you know."

BAD DISTRIBUTION

"Not with that horrible distribution, I couldn't," said Mr. Muzzy stubbornly.

"I put it badly," Mr. Champion sneered. "What I meant was that 11 ricks can be made by careful play."

Mr. Muzzy did all right as usual. Mr. Muzzy did all right on the first three tricks, but the safe play was to lead a club from the board at trick four. If Miss Brash ruffs of course the deuce is played from the closed hand. Then you can win any return, pick up the remaining trumps and claim the balance as the club suit is now good.

If Miss Brash should discard on the first lead of clubs, you win with the ace and cash the king. No matter when Miss Brash ruffs in you will have time to ruff a low club with dummy's queen

of trumps and still make five -odd.

Cloverdale, 80; Reelsville, 53

Cloverdale romped over Reelsville Wednesday night, 80 to 53, in a high school net tilt played at Reelsville.

Coach Glenn Steele's Cavaliers held the upper hand during the entire contest, leading 43 to 29, at halftime.

Huber, Sheese and Steele were tops in the scoring column for Cloverdale while Lewis and Renner were high point men for the losing Indians.

"Dream car" design for driving today is offered by Mercury in its completely new line for 1957. Representing one of the most extensive model changes in history, the 1957 Mercury has a unique styling theme highlighted by graceful, sculptured side projectiles topping low rear fenders and terminating in massive V-angle tail-lights. Entirely new, bigger bodies designed especially for Mercury are wider and longer and roomier, giving more passenger comfort. Overall height has been reduced four inches, yet head room has been increased two inches. A softer ride, better handling and roadability result from newly engineered chassis features, which include the industry's first air-cushion rear suspension on many models. A choice of a 255 hp. or 290 hp. V-8 engine is offered in Mercury's 15 new models in Monterey, Montclair and station wagon series. Pictured is the Mercury Montclair four-door sedan.

THE DAILY BANNER THURS., NOV. 15, 1956 Page 5 GREENCASTLE, INDIANA

Open Last Link In Toll Road

GARY (UP)—The last 16 miles of Indiana's first toll road opens today, the last link in an 850-mile superhighway system stretching from New York City's George Washington bridge to Chicago.

Barricades were swung out of the way at 1 p. m. allowing traf-

fic to roll at cruising speed through the state's most thickly populated area—the Calumet cities in Lake County around the Lake Michigan shoreline south-east of Chicago.

Completion of the last segment of the divided lane superhighway from New York to the Indiana-Illinois state line was nothing short of historic.

For the first time, traffic can ply between the nation's two largest cities without interruption except for service stops. There are only a half a dozen or so traffic signals the entire route,

no grade intersections and no speed zones through built-up areas.

Drivers obeying speed limits and stopping occasionally for gasoline, lunch and rest can travel the distance in about 14 hours at a cost of about \$11. The road goes through New Jersey, Pennsylvania, Ohio and Indiana.

The last section of the Indiana road to be completed was at the western end of the highway between the Gary-East interchange and the road's western terminus at 106th St. and Indianapolis Blvd. in Hammond.

ARRIVE IN MOSCOW

MOSCOW (UP)—Polish Communist Party and government leaders arrived here today for a long series of talks which may end in some Soviet concessions for Polish nationalism.

The Polish delegation, headed by Communist Party chief Wladyslaw Gomulka and Premier Joseph Cyranciewicz, was greeted at Moscow's Byelo-Russkian railroad station by Soviet officials and an honor guard of 200 officers.

Soviet Communist Party chief Nikita Khrushchev and Premier Nikolai Bulganin headed the Soviet welcoming committee. About 200 Polish students from Moscow University were on hand, and

several hundred Russians watched in silence.

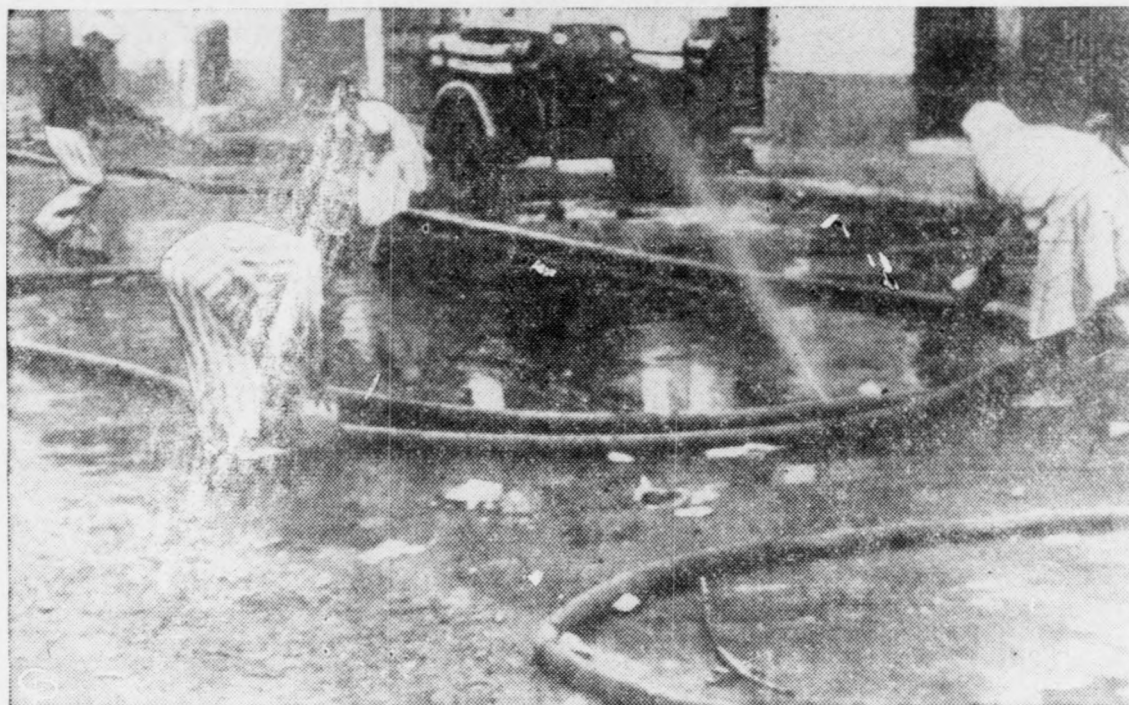

HUNT THREE MEN

PERU, Ind. (UP)—State police searched today for three men who allegedly bound and gagged an 80-year-old man and stole \$2,000 cash.

James Robert Sharp told authorities Wednesday the men entered his home 2 miles south of here saying they were friends of his son, Robert, who lives with him but was not home at the time.

He said they shoved him into a kitchen chair, tied his arms and legs, tied a ruler in his mouth, and broke open a safe containing \$2,000 belonging to his son.

DRINKING WATER AT A PREMIUM IN PORT SAID

RESIDENTS of battle-torn Port Said scoop up drinking water from leaking fire hoses. Water is at a premium in the bombed city. The Anglo-French forces cut off supply. (International Radiophoto)

ROUMANIAN DELEGATES CONFER WITH TITO

YUGOSLAVIA'S Marshal Tito (left), whose severance from Soviet domination has set the pattern for uprisings in Hungary and Poland, chats with two members of a Rumanian Communist delegation in Belgrade. Chivu Stipca (center) and Gheorghiu Dej, the delegates, are in Yugoslavia for an important series of talks with Tito.

GETS PRISON TERM

PALO PINTO, Tex. (UP)—Walter M. Vaughn, 45, who killed the pastor of the Harmony Baptist Church for seducing his wife, was found guilty of murder and sentenced Wednesday night to five years in prison.

Vaughn had admitted killing the Rev. Charles A. Stevens, 39. He said Mrs. Vaughn, 45, had ad-

mitted 15 sexual intimacies with Stevens prior to the shooting last Dec. 17 in Weatherford, Tex.

Mrs. Vaughn testified at her husband's trial that she and the preacher had been intimate 15 times within 18 months. They became lovers, she said, while Stevens was pastor of the Denver City, Tex., church, where the Vaughns then lived.

H-Bomb Test Controversy Won't End With Election

Good News for Weary GIs: Automatic Foxhole Digger!

Special to Central Press Association

WASHINGTON—Members of Congress are certain that the controversy over Adlai E. Stevenson's proposal to halt H-bomb tests will not die with the election.

Strong support among legislators has been built up on both sides of the argument and the inevitable outcome is a congressional investigation, which probably will shape up soon after the new session begins in January.

Senator Anderson

Senator Clinton Anderson (D), New Mexico, who was a vigorous chairman of the joint committee on atomic energy in the 84th Congress, has publicly endorsed Stevenson's demand that the blasts of huge nuclear weapons be suspended.

President Eisenhower has equally staunch supporters in Congress for his position that to halt the tests without a foolproof international agreement and inspection system would imperil the nation's security.

Both sides want to be heard in a form which guarantees maximum publicity for their views—Congress. Thus, the H-bomb test inquiry may well be the first dramatic investigation on Capitol Hill in 1957.

● **ARMY OF THE FUTURE**—The United States is already well advanced toward readiness for combat in the "pushbutton" era of future wars, when the doughboy will be, according to today's standards, a virtual "supernatural."

Devices already being developed as part of the infantry soldier's equipment include:

Helmet-mounted infra-red binoculars which will give the soldier ability to penetrate darkness in such a way that no enemy can skulk in the blackness of night to pounce upon him unaware.

A pocket radar, which will warn the GI of the approach of infiltrating enemy troops.

An automatic foxhole digger, weighing only a few pounds, which will relieve the infantryman of one of his most irksome tasks.

A laminated nylon helmet liner which will provide a 60 per cent increase in ballistic protection, though weighing only two ounces more than the liner now in use.

● **2,800 MPH AT 80,000 FEET!**—The Defense department's technical experts say that talk of intercontinental missiles and futuristic planes is startling partly because the public thinks in terms of sea-level speed.

They add that the missiles scheduled to fly at more than 10,000 miles an hour and planes geared up for 3,000 or 4,000 miles won't hit those speeds in an atmosphere remotely resembling the familiar everyday air.

For example, a futuristic fighter plane that has been on Air Force drawing boards for several years is designed to fly at a speed of 2,800 miles an hour at an altitude of 80,000 feet—more than twice the cruising altitude of the high-flying, present-day jet.

At 80,000 feet, about 16 miles, the atmosphere is only 15 per cent as dense as at sea level.

Farther up, where the missiles will fly, the air is so thin that it doesn't figure at all in short-term calculations. There may be enough to bring down an earth satellite over a period of days, weeks or months, but there is not enough to influence a missile designed to hurtle from Washington to Moscow in less than half an hour.

Thus the Army's 70-foot-long Redstone missile, capable of an altitude of 100 miles or more, was referred to by Maj. Gen. John B. Medaris recently as a true space missile.

Medaris, who is in charge of the rocket program at Huntsville, Ala., said the Redstone has generated several "re-entry" problems. He considers that the rocket "re-enters" the atmosphere at an altitude of 15 or 20 miles.

OLYMPIC VILLAGE FILLING UP

U. S. team members stroll along Olympic Village main street.

Russian team lines up for hoisting of hammer and sickle flag.

PHOTOS SHOW scenes in Heidelberg, a suburb of Melbourne, as Olympic Village begins to fill with athletes waiting for start of the international competition Nov. 22. (International Soundphotos)

TITO BLAMES RUSS

BELGRADE (UP)—Yugoslav President Tito in a speech re-released today blamed Russia and the old guard Communists in Russia's satellites for the Hungarian revolution.

In the speech, which he made Sunday, Tito said that earlier this year he warned the Kremlin that other East European Communist countries would follow Yugoslavia's path of independence unless Communist Party

leaders in the Soviet Union and the satellites completely eliminated all traces of stalinism.

OIL SHORTAGE LIKELY

CHICAGO (UP)—A world oil shortage is likely except in the United States until transport facilities are adjusted to the Suez Canal closure, industry leaders predicted Wednesday.

None of the oil executives forecast a shortage for the United States. One observer cited recent gasoline price wars in several cities as evidence the U. S. oil industry feels it has plenty of oil.

BACK FROM EGYPT BOMBING

HERE'S THE FIRST RAF crew to return to Cyprus from bombing mission to Egypt. From left: Flight Lt. Slater, Flying Officers West and Harrop. Slater said they bombed an Egyptian airfield "somewhere east of the Nile delta." (International Radiophoto)

The oilmen were in Chicago to attend the annual session of the American Petroleum Institute.

BRITAIN, FRANCE ACCUSED

WASHINGTON (UP)—The Defense Department accused Britain and France today of violating their international agreements with the United States by using U. S. military aid equipment in the attack on Egypt.

The department, however, apparently plans no disciplinary action against the two governments beyond verbal protests.

No Tension Here

NO TRACE of the tension her majesty's government is under is evident on the face of her majesty, Queen Elizabeth, as she rides in the state coach to open her fifth Parliament in London. (International)

MARCH OF EVENTS

Whistle-Stop Campaigning Still Potent Vote Getter

Train Has Some Advantages Over Plane, Politicos Find

Special to Central Press Association

WASHINGTON—As the 1956 political campaigns approach an end, politicians in both parties have come to one conclusion—they won't rule out the old whistle-stopping by train as a means of winning votes.

Campaigning by plane, they say, is excellent to reach widely separated areas of the country in a hurry. However, there is no substitute for the personal campaign train in touring crucial states.

When a candidate uses a plane for his campaigning, they explain, he rushes into a city, makes a speech and then is on his way again without having time for much personal contact with local politicians or the voters.

On the other hand, the campaign strategists insist, a train gives the candidate a chance to hold confabs with local politicians between stops and to come into contact with more people.

Undoubtedly, both modes of travel will be used in future campaigns, as they have been this year. The politicians just aren't convinced that air travel alone is the answer.

● **TRANSCRIPTS**—Many veteran Washington newsmen believe press conferences and the release of transcripts afterward—except for those of the President—may be drastically cut down as a result of an incident recently involving Secretary of State John Foster Dulles. Dulles answered a question pertaining to the United States position on colonialism as it related to the British and French and as it affected the Suez crisis.

According to the ground rules for White House and State department press conferences, direct quotation of the President and secretary of state is not permitted except by direct permission—or until the actual transcript is released for publication.

Newsmen dutifully paraphrased what Dulles said at the press conference. His reply produced many repercussions abroad. Later, when the official transcript was released by the State department, the text of Dulles' reply was extensively edited and changed.

● **MORE VOTERS**—For the first time in history, the United States has more than 100 million civilians old enough to vote in the November elections. The Census bureau, which makes this report, says there are 53,650,000 women and 49 million men old enough to cast ballots.

However, it does not expect all of them to go to the polls, of course. For one thing, some are aliens not entitled to vote. Failure to pay poll taxes in the seven states where they are required will keep others from voting. Prison inmates and patients in mental hospitals are also disqualified.

California, with a jump of 800,000 since 1952, leads all the states which have shown increases in the past four years in the number of citizens old enough to vote. The five states with the next to largest boosts are Florida, Michigan, New York, Ohio and Texas.

Only six states have fewer civilians of voting age this year than they did four years ago. They are Maine, Vermont, Iowa, West Virginia, Mississippi and Arkansas.

Other states where the situation is encouraging enough for both parties to put on a hard last-minute drive are: New York (45 votes), Massachusetts (16), Ohio (25), Illinois (27) and Michigan (20).

Hardtop styling is achieved by Mercury in its exciting new station wagon. A lone, canted center pillar on each side, gives picture window visibility and style. Windows wrap around at the back, and the rear window rolls down into the tail-gate, eliminating the cumbersome lift-gate and adding open-car ventilation to closed car protection. Mercury station wagons offer "passenger car" riding comfort featuring the industry's first air-cushion rear suspension. A special station wagon series includes six models of four-door 6 and 9-passenger and two-door 6-passenger wagons. Ten inches longer than current wagons, the new Mercurys also are lower and wider and roomier inside for passengers and have more cargo carrying capacity. This Colony Park 9-passenger station wagon has simulated grained wood exterior trim. A choice of two powerful engines is offered—a Turnpike Cruiser 290 hp. V-8 or a Safety-Surge 255 hp. V-8.

Board of Commissioners
Attest:
Alex C. Bryan, Auditor. 15-22-21.

gram farmers would be allowed to plant a total of 51 million acres in the 894-county commercial corn area.

If farmers approve an acreage allotment program, the price support would be \$1.36 a bushel, or 77 per cent of parity. Under the acreage allotment program, farmers would be permitted to plant a total of 37,288,889 acres in the commercial area.

Farmers who do not comply with requirements of whichever program is approved would not get any price support.

The 1957 rate for determining payments under the corn acreage reserve program of the soil bank would be 90 cents a bushel, the same as for this year.

The national support rate for the 1956 crop, grown under the base acreage program calling for 51 million acres, was \$1.50 a bushel, or 84 per cent of parity. The 1957 rate of \$1.31 would be 19 per cent below the 1956 rate.

Farmers who did not comply with requirements under the base acreage program this year were eligible for support rates of \$1.25 a bushel.

If two-thirds or more of the farmers who vote in the Dec. 11 referendum favor base acreages, that program will be in effect in 1957. If more than one-third favor acreage allotments, that program will be in effect.

LIVE ROCKET LOST
WAUPON, Wis. (UP)—Residents of this farming area were warned to "keep hands off" if

they should find a live rocket accidentally dropped from an F89D interceptor jet plane.

The rocket was believed to have fallen in the vicinity of Alto, Wis., near here Wednesday.

Air Force officials at Trux Field in Madison, Wis., said the rocket did not fire and has no detonator. However, they added that the rocket was "live" and might explode.

Corn Farmers Offered Choice

WASHINGTON (UP)—Secretary of Agriculture Ezra T. Benson Wednesday offered corn farmers a choice of government price supports for their 1957 crop, depending on how the growers vote in a referendum on Dec. 11.

If the farmers approve a base acreage corn program, price support for the 1957 corn crop in commercial areas will be \$1.31 a bushel, or 74 per cent of parity. This would be the lowest dollar and cents rate since 1946 when the rate was \$1.15 a bushel.

Under the base acreage pro-
